

Truman Picks Clark For Supreme Court

McGrath To Take Attorney General Post

Washington, July 28—(AP)—President Truman announced today the selection of Attorney General Tom C. Clark for the Supreme Court and Senator J. Howard McGrath of Rhode Island for Clark's cabinet post.

He told a news conference he offered both men the appointments at a private interview this morning and his guess is that both will accept.

Clark indicated he would take the new post; McGrath said he wanted the week-end to think it over.

Will Have To Resign Senate

If McGrath accepts he will have to resign from the senate. He also most likely will have to give up the chairmanship of the Democratic national committee.

William M. Boyle, Jr., of Kansas City, Mo., paid executive vice chairman of the national committee since April 21, probably will be a main contender for the chairmanship in that event. Republicans will pick a new chairman here, Aug. 4.

The President announced the appointments in a brief casual manner and in response to a question near the end of his news conference.

Earlier in the conference he had read a formal statement about recent secret meetings on atomic energy. The statement appeared to be a pledge that he will not give the British the latest atom bomb knowledge without the consent of congress. There have been reports that the British want the data.

Limited In Scope

The President said present agreements between the United States, Britain and Canada providing for cooperation in exchanging atomic information and on raw material supplies are "limited in scope and duration."

"We, therefore, intend to explore with the United Kingdom and Canada some of the basic question underlying any determination of long-range policy in this field," he said.

He said these questions required further consultations with congress after the exploratory conversations. These conversations do not involve making agreements with or commitments to the British and Canadians, he said.

Decide Together

"In these consultations with the congress," he added, "we shall have to decide together what course of action it is wisest to take."

During a lull in the interview, a reporter asked quietly whether the President was near a decision on the court vacancy created by the death July 19 of Frank Murphy of Michigan, himself a former attorney general.

Mr. Truman smiled, put his hands behind him and said just as quietly: yes, and I'll tell you his name if you want to know.

As the surprised reporters lifted pencils to notebooks, he announced he had offered the justiceship to Clark at a morning interview and had asked McGrath to accept the attorney generalship.

He said both were so surprised that they didn't answer, but promised to do so in a few days. He said Clark was very much surprised.

When a reporter said he didn't see either of them enter the White House, the President laughed and replied: no, and you didn't see them go out.

Since Justice Murphy was a Catholic, speculation had been that a Catholic probably would be named as his successor. When asked about this Mr. Truman said religious faith had nothing to do with the appointment of Clark, who is a Presbyterian.

40 Disabled Vets Have Chance To Win Vacation Trip

Chicago, July 28—(AP)—Forty disabled veterans of Hines hospital will have a chance to win a vacation in Colorado because an Oak Park contractor has a unique formula for happiness.

Olaf Carlson believes happiness is best achieved by "giving it to others." Carlson, who submitted an entry in a Chicago Railroad fair vacation contest, sponsored by a travel agency, added a note to his formula.

"If this wins a vacation, give it to a veteran at Hines hospital," Carlson won.

At his suggestion, the travel company has invited the veterans, all ambulatory patients, to come to the fair and compete to determine which one will win Carlson's trip to Manitou Springs, Colo.

CALLS FOR ADJOURNMENT

Washington, July 28—(AP)—Rep. Church (R-Ill.) introduced today legislation calling on the two houses of congress to adjourn Saturday, August 20.

Says Reds May Start War If Europe Weak

Washington, July 28—(AP)—Secretary of State Dean Acheson opened the arms-for-Europe battle in congress today with a warning that failure to bolster non-communist countries may invite a military thrust by Russia.

Acheson declared that the administration's proposed \$1,450,000,000 program is urgent for our own security and is the minimum amount "which makes sense."

Calling attention to Russia's huge forces, Acheson declared we cannot ignore "the possibilities of direct military aggression." When a totalitarian regime fails in political aggression it is often tempted to try military means when no effective resistance is possible, Acheson said.

The secretary went before the House Foreign Affairs committee with a point-by-point defense of the arms program in the face of a

strong Republican attack which built up even before the legislation was proposed.

Acheson bore down heavily on the principal objection—that the program should be held to a much smaller figure until North Atlantic treaty nations have a chance to outline their own defense strategy.

It is only a one-year program, the secretary said; "a program in future years will be derived from recommendations" made by the defense organization set up under the treaty.

"The amount requested is urgently necessary in the interest of our national security," he said. "It is the minimum amount required to enable the recipient nations adequately to guard against internal subversion and to begin to undertake their roles in a coordinated defense."

Committee members questioned whether the European nations which would be given the arms would cooperate. Acheson replied that nations of the western union had been working for a year on a program of mutual cooperation. These nations are Britain, France, Belgium, the Netherlands and Luxembourg—all Atlantic treaty members.

Acheson said this would lead to a strategic plan for common defense. Rep. Richards (D-SC) questioned the amount involved "when we have no definite assurance these nations will take concerted action."

Acheson said that when the treaty is a reality within a few days committee will be set up to go to work on a strategic plan for mutual help.

**U.S. Will Begin
Deficit Financing
On August Fourth**

Washington, July 28—(AP)—The government on Aug. 4 will return to deficit financing for the first time in more than three years.

Deficit financing means borrowing cash to meet current bills because outgoing is larger than income.

The treasury disclosed the development today through a new offering of securities. Here is the way it will come about:

On August 4, there will be \$801,987,000 in 91-day treasury bills (the government's shortest-term security) falling due for payment.

To enable it to meet that debt, and also to raise nearly \$200,000,000 more in cash for other purposes, the treasury will offer a \$1,000,000,000 issue of new 91-day bills to be dated August 4.

Bids for cash or exchange of old bills for the new ones will be taken by the treasury on August 1. The outcome of this bidding will determine the amount of interest the securities will yield to their buyers.

**Family Reunited
As Amnesia Victim
Remembers Past**

New Rochelle, N. Y., July 28—(AP)—Two brothers were reunited with a long-lost sister today after hypnosis apparently lifted a dark veil of forgetfulness from her troubled mind.

Tears streamed from their eyes as they embraced the woman, Mrs. John N. Norton, a 26-year-old housewife and mother of two small children.

Says Negroes Get Less For Education In Divided Areas

Washington, July 28—(AP)—In states with segregated schools, white children get an education almost twice as expensive as that for negroes, the office of education said today.

The agency released a study of 1945-46 enrollments in the 17 states and the District of Columbia, where segregation of white and negro pupils is practiced.

It said the average expense for each white pupil in daily attendance was \$104.66 a year, and each negro pupil, \$57.57.

The average teaching salary in the white schools was \$1,640 a year, and in the negro schools, \$1,134. In the white schools each teacher had, on the average, 28 pupils, and in the negro schools, 35.

**'Deplores' Public
Argument Between
Cardinal, Mrs. FDR**

Chicago, July 28—(AP)—Irving J. Rosenbloom, chairman of the Independent Voters of Illinois, said today he "deplores" the recent public argument between Cardinal Spellman and Mrs. Franklin D. Roosevelt.

Rosenbloom said his "gravest concern" was aroused because Cardinal Spellman "made liberal use of invective and labeled Mrs. Roosevelt as 'anti-Catholic.'"

"We searched for her for seven years," he recalled. "Then we felt there was no use looking further. We thought she must be dead."

**Outlines Recommendations
To Cities To Control Polio**

Springfield, Ill., July 28—(AP)—The State Health Department today outlined a series of recommendations for Illinois cities to follow in controlling polio.

One of the recommendations concerned measures against flies, which the department said can transmit the disease.

It said that attempts to control flies by DDT spraying have not shown any special effect: upon polio incidence and that airplane spraying is "not considered a practical and effective means" of reducing the fly population.

The best method, the department added, is to eliminate fly breeding places by proper collection and disposal of garbage, and using DDT or chlorane around garbage cans, manure piles, privies and on porches or screens to kill adult flies.

Dr. Roland C. Cross, State Health Director, also announced these other recommendations which he said are based on "the best scientific opinion concerning polio control."

Woolworth Heiress Gets Custody Of Son For Summer

Dedham, Mass., July 28—(AP)—Woolworth Heiress Barbara Hutton Troubetzkoi, perhaps the world's richest mother, can keep her only son with her for the summer because she is poor in health.

Under a court agreement reached today she may have Lance, 13, whose custody she shares with his father, former Danish Count Curt Haugwitz Revendow, with her in Europe until Sept. 7.

The agreement ended an across-the-world court squabble which broke because Babs went swimming at swank Lido beach in Venice.

Tall, suntanned Haugwitz Revendow, who had agreed that Lance could stay with his mother, did so because Probate Judge Arthur W. Davis was told the millionairess was in critical condition.

But the former nobleman changed his mind when reports reached here that Babs was swimming at the Venetian resort. He asked for a new hearing.

Today, Babs' swimming was described as part of her cure.

Dr. Giuseppe Comarate of Venice asserted in an affidavit filed with the court that the Princess Barbara Troubetzkoi "is in a very fragile and delicate state of health."

**Bill Tightening
Unification Law
Accepted By Senate**

Washington, July 28—(AP)—The Senate today accepted the terms of a compromise bill tightening the military unification law and setting up a new money-saving budget system for the armed services.

The measure, approved by a voice vote, now comes to the House for the final legislative step.

It was just about what President Truman and Secretary of Defense Johnson had asked for. The budget provisions were in general accord with the recommendations of the Hoover commission, which said improved accounting procedures could save hundreds of millions of dollars.

The compromise measure gives the defense secretary broader and more direct authority over the army, navy and air force. The bill contains a strict prohibition against merger of the services or major shifts in funds, functions or personnel.

**Cohen Mobster
Dies Of Wounds;
5 Cops Indicted**

Los Angeles, July 28—(AP)—Los Angeles' multi-sided vice blowoff hit twin climates today, with the death of a mobster and the indictment of five police officials.

Eddie (Neddie) Herbert, husky lieutenant of Gambler Mickey Cohen, succumbed to shotgun slugs which severed his spine during an attempt to assassinate Cohen eight days ago. Cohen is recovering from a shoulder wound.

The county grand jury charged perjury against retired Police Chief Clement B. Horrell, Assistant Chief Joseph F. Reed, Capt. Cecil H. Wisdon, head of the personnel bureau, Lieut. Rury Wellpot, in charge of the administrative vice squad, and C. V. Jackson, Wellpot's chief aide.

It also accused Wellpot and Jackson of bribery.

Specifically, the jury accuses Wellpot and Jackson of accepting five bribes from a call house madam, and all five men of failing to tell the jury all they knew about police-prostitution tieups.

**Barkley Hints He
May Be Planning
To Marry Again**

Culpeper, Va., July 28—(AP)—The nation's No. 2 man, Vice-President Alben W. Barkley, hinted romantically today that he may soon crown "a queen of my own."

"The V. P.—or 'Veep,' as he likes to be called—thus rekindled speculation that he may be contemplating a second marriage. His first wife died two years ago.

Crowning the queen of Culpeper, Bi-Centennial celebration, the vice-president told the crowd with a twinkle:

"While I'm in the mood, I may crown one of my own some of these days—and keep her."

But the 71-year-old widower was keeping his plans, if any, a deep secret. In Chicago last night, where he addressed a jeweler's convention, the vice president jovially brushed off newsman who questioned him about a possible second venture in matrimony.

Steelworkers Ask Total Wage Hike Of 30c An Hour

Says U. S. Has Ability To Support 300 Million On Much Higher Plane

Washington, July 28—(AP)—The president of the Brookings Institution said today the United States has the ability to support a doubled population, 100 years from now, on a plane of living eight times as high as that of the present.

Dr. Harold G. Moulton, widely known economist, is the author of a 397-page report issued by the non-profit, privately endowed research organization.

He said it is by no means certain that the country will achieve such an expansion, but that given wise policies it has the resources to do it.

Discussing those policies, he said, for example, that the huge 100-year advance would require a continuing increase in productivity—or per-capita production—and a "progressive expansion of mass purchasing power," preferably through price reductions.

Dr. Moulton rejected contentions that our minerals and fuels are inadequate, that the country is approaching a "static" condition, or that the government must set up a "controlled economy." He argued that after a century of phenomenal progress the economic promise of American life remains undiminished.

In concluding that our natural resources, if systematically preserved and fostered, are "adequate"

**Testifies Miners
Union Can Rule US
If Not Stopped**

Washington, July 28—(AP)—A coal industry witness testified today that John L. Lewis' mine union has become so powerful "it can dominate the country if it is not stopped — and that right now."

Justin Potter, president of a Kentucky coal company, told the senate banking committee:

"The union, by its threats, wields power that transcends that of the state and the laws that have been enacted to protect private property and the right to work."

Potter said Lewis' June 30 decree of a three-day work week in the coal fields is an example of the union's "monopolistic power."

"But the government," he said, "so far seems to sit idly by and let the mine union manage, by both direction and indirection, the economy of the greatest country on the face of the earth."

**Ex-Bootlegger Is
Questioned About
'Five Percenters'**

Washington, July 28—(AP)—Two high senatorial sources said tonight that John Maragon, fabulous ex-bootlegger with an entree to the White House, was questioned this afternoon in the investigation of "five percenters."

Maragon himself flatly denied it, however.

Appearing outside the senate chamber just as the senate was starting a night session, Maragon told reporters:

"I have not appeared before any committee today or any other time. Senatorial informants in a position to know insisted however that he had appeared before a subcommittee headed by Senator Hoey (D-N.C.). The committee is investigating reports that persons claiming influence with government officials have been seeking government contracts for business men, in return for a five per cent fee.

The senatorial informants, who asked that they not be identified, did not state what questions were asked Maragon, nor whether he would appear later at a public hearing. There was no indication just what significance his reported questioning might have.

**British Railroad
Union Threatens
To Strike Soon**

London, July 28—(AP)—Britain's largest railway union—460,000 strong—threatened tonight to strike within 21 days unless the government-owned railroads pay its men more money. They want the equivalent of \$2 a week more over wages ranging from \$19 to \$28.30 weekly.

The government has refused the raise in the past.

The men have answered by calling a series of wildcat slowdowns over the past month.

Reports U. S. State Department Survey Covering Far East

Washington, July 28—(AP)—Secretary Acheson said today the state department is making a "thorough survey" of the far eastern situation. He indicated future policy on China would be based on the results.

Acheson mentioned the survey during testimony before the House Foreign Affairs committee in support of the administration's \$1,450,000,000 arms program for Europe.

He told committee members he hoped "in a very short time" to outline a far east policy.

The state department's current stand on China has been under fire from senators and other congressmen who favor giving aid to the nationalists in their fight against the communists. Acheson told a news conference yesterday he has set up a three-man board to study policy of China.

**Two Men Request
Legal Separation
From Same Woman**

Lexington, Ky., July 28—(AP)—Two Fayette county men, using the same attorney, asked legal separation today from the same woman.

Hubert Atchley charged in a Fayette Circuit Court suit that the woman, listed as both Beulah May Athley and Beulah Dawson, was married to the other man, James Dawson, at the time she became his wife.

He asked the court to annul his marriage. Dawson asked a divorce. Dawson said the woman had been guilty of cruel and inhuman treatment, including the offense of "living openly with another man claiming him as her husband." He asked custody of a two-year-old son.

Atchley said his marriage occurred June 28, 1949. Dawson said he was married Jan. 19, 1946.

**Body Of Drowned
Man Recovered**

Galena, Ill., July 28—(AP)—The body of John Mathis, 65, caretaker of a Galena boat club, was recovered today from the Mississippi river.

Mathis and two women were drowned yesterday when their flat boat sank 25 feet from shore. The women's bodies were recovered yesterday.

They were Mrs. Roy Munch and Mrs. William Woodrich, both of Dubuque, Ia.

Three other women, all of Dubuque, were rescued.

**New Illinois Law May Lead
To Licensing Of Bookies**

Springfield, Ill., July 28—(AP)—Illinois got 13 new laws today covering a variety of subjects from foxes and bookies to fires and the state government itself.

Several became law without Governor Stevenson's signature.

He filed a bill creating a commission to study possible state licensing of special horse race betting agents. Its aim is to produce more revenue for the state and cities and to curtail illicit bookmaking away from tracks.

Stevenson signed bills to:

1. Legalize taking of gray and red fox in Illinois.

2. Strengthen fire prevention laws by requiring periodic state inspections of large assembly places. Such action has been permissive. The new law is aimed at preventing fires like the Effingham hospital fire in which 75 perished.

3. Create a "Little Hoover" commission with \$25,000 to survey state government structure and study

17½c Goes For Pensions, Insurance

New York July 28—(AP)—President Philip Murray of the CIO Steelworkers today presented to the presidential fact-finders in the steel industry dispute a demand for a 30 cents an hour package.

The demand includes a 12½ cents an hour fourth round wage boost.

Then, in an angry outburst, Murray termed steel industry leaders "the most sanctimonious bunch of professional racketeers in this country."

Company Spokesman Protests

This brought a sharp protest from company spokesmen present. They demanded that the remake be stricken from the record.

Murray replied:

"All right, then, I'd like to substitute for the language I used and make it prevaricators and provocateurs."

Prof. Carroll R. Daugherty, chairman of the presidential board, ordered both comments stricken from the record.

"Name-calling is not to be expected again before this board," Daugherty said.

"This board is not meeting to hear that kind of talk. We are here to get the facts in an unemotional way."

Murray's sudden outburst came just before the board ended its first day's session.

Not Talking About Spokesman

He explained later he was not referring to the industry spokesman present but to leaders of the industry in general who, he said, had subjected him to a "slandering mud-slinging attack."

This attack, he said, came in press releases in which the industry maintained he was dishonoring his contract by attempting to bring the subject of pensions into collective bargaining meetings.

Murray later apologized to the board. He said he hadn't had a chance previously to answer the steelmen's claims.

John A. Stephens, a vice president of U. S. Steel, was one of those who protested the union chief's remarks. He said the industry spokesmen "plan to conduct ourselves in the only role we know how to play—honest men and gentlemen."

Besides the fourth round wage increase, Murray asked 11.23 cents an hour for pensions and 6.27 cents for social insurance.

**State University
Adopts Record 41
Million For Budget**

Champaign, Ill., July 28—(AP)—The Trustees of the University of Illinois today adopted a record high budget of \$41,442,439 for the year 1949-50.

This is an increase of \$4,538,112 over last year.

The new budget provides for more staff members and for salary increases. Forty-nine fulltime staff members will be added at the Champaign-Urbana campus and six in the Chicago professional schools.

A breakdown of the budget shows \$29,726,033 for the Champaign-Urbana units, \$8,032,129 for the professional colleges at Chicago and \$3,031,683 for an undergraduate division at Chicago's Navy Pier.

Source of the money is the \$67,271,742 two-year appropriation made by the state legislature and an estimated \$15,000,000 in university income.

President George D. Stoddard said the increased budget will enable the university to expand its activities in cancer research, veterinary medicine, biology and genetics, physical environment, communications, human behavior and radio-karbon laboratories.

Solve Mystery Of Missing Milk

Rock Falls, Ill., July 28—(AP)—Solved: the case of the missing milk. Guilty: Rover, Fido, and Spot, all of Rock Falls.

Residents hereabouts have been losing milk from their back porches. Today when one alert man heard a noise on his porch he summoned police.

The officers arrived just in time to see a dog carrying away a paper milk container in his mouth.

The dog stopped, chewed open the container, lapped up the spilled milk, and went on his way.

BRITAIN, ARGENTINA AND THE MARSHALL PLAN

The five-year trade pact Britain has signed with Argentina strongly accents the mounting confusion surrounding the operation of the Marshall Plan.

Britain has been the biggest recipient of aid from the Economic Co-operation Administration. It has put that assistance to remarkably good use. Its industrial output has climbed about 25 per cent above prewar levels. Last winter its exports were 46 per cent above the 1938 showing.

Still, the Marshall Plan has broader goals than increased production and trade as measured by individual nations. It seeks economic unity among the countries of Europe, in the hope that a freer flow of goods and services across their borders may give them a new strength and self-reliance. To gain this end, these nations must tear down tariff walls, quota restrictions, currency differences and other obstacles. They must co-operate boldly for the benefit of all.

Britain's agreement with Argentina is completely out of harmony with such objectives. It is strictly a two-way affair. Argentina, of course, is not a Marshall Plan country but it has definite trade ties with continental Europe and the United States. The British pact may sever some of these links.

Paul Hoffman, head of ECA, says he is unalterably opposed to the new agreement. He regards it as directly contrary to the course Britain should be following.

Why has Britain taken a step so obviously in contradiction of Marshall Plan aims?

The answer is easy. The British are doing everything possible to obtain the food and raw materials they need, with a minimum outlay of American dollars. Many things they can't avoid spending dollars to get. They naturally jump at a chance such as Argentina offered to trade virtually on a barter basis.

Even in the normal course of its recovery program, Britain might well have made this agreement. For her whole effort has been bent toward boosting exports to get more dollars on the one hand, and cutting imports to save dollars are clearly to be sought after.

But the situation is far more critical now than a few months ago. British exports have gone into a tailspin and Britain sees many of its hard-won gains slipping away. The nation is more stoutly determined than ever to check the drain on its dollar reserves caused by the gap between exports and dollar-purchased imports.

British leaders are so worried they have summoned finance ministers from the friendly dominion countries to meet in London and consider the problem.

The American recession plus what many experts believe is an overvalued British pound are generally blamed for the drop in Britain's exports to the United States. Many buyers are said to be holding off in hope the pound may be devalued.

The dollar crisis explains also why Britain has blocked all attempts to improve arrangements for payments among the whole group of western European nations. Those countries sell heavily to Britain. They want to be able to convert some of their British credits into American dollar credits. But again, Britain fears this would mean too great a drain on its dollar supply.

Both Hoffman and the State Department took note of the British dollar dilemma in their reaction to the Argentine pact.

They are properly grateful for the courageous recovery effort the British have made. They know an economically weakened Britain would detract from the solidarity of the western powers in political combat with Russia. They know Britain probably would pull all western Europe with her should she descend into the abyss of depression.

But they still resent—and we think rightly so—what seems to be a single-minded attempt to produce a sort of private, well-insulated recovery for Britain that contributes but a fraction of what it should offer toward the permanent economic health of all Marshall Plan countries.

Boy Scout Camp To Close Because Of Polio Threat

Announcement was made Wednesday night by H. Langdon Robinson, chairman of the camping and activities committee of Abraham Lincoln Council, Boy Scouts of America, that the two final periods of the summer camping schedule at Camp Illnek, which were to have opened July 31 and Aug. 7, have been canceled.

This move was made necessary by the quarantine action taken Wednesday by the Springfield city council which prohibits all organized activities and events for boys and girls, in an attempt to curb the spread of polio. Camp Illnek, which has enjoyed a record breaking attendance, had near-capacity rosters for the two final camping periods.

Mr. Robinson, working in conjunction with Walter Pickering, health and safety chairman, and A. R. Booth, council commissioner, is taking all steps necessary to cooperate with the health authorities, which includes the orderly closing of the sixth camp period which is drawing to its close.

William E. Hoffman, Scout executive and camp director, announced that the usual Thursday night visitors night had been canceled.

Woodson Burgoo Picnic Attended By Huge Crowd

A crowd estimated at 5,000 persons consumed 800 gallons of soup as the Raymond Baxter American Legion Post at Woodson ushered in the burgoo season for this section of the state Wednesday afternoon and night.

While the burgoo addicts were feasting on the tempting concoction from the steaming kettles, the hamburger stand did a brisk business by disposing of 115 pounds of hamburger patties out into sandwiches, along with the customary pickle and onion.

Sixteen big kettles of soup were stirred up for the Woodson Legion and Auxiliary burgoo, which drew attendance from many surrounding towns. The village was jam-packed all afternoon and evening. Parked cars extended along U. S. Route 67 for more than a half mile, with the side streets also parked nearly solid. Radio talent from St. Louis entertained the crowd. Round and square dancing added to the entertainment.

Officials of the Woodson Legion and Auxiliary said the burgoo picnic was one of the most successful in 15 years, since the annual affair was started.

RNA Picnic Held At White Hall

White Hall — Approximately 50 members of the Royal Neighbors of America enjoyed a basket picnic supper at Lions park Tuesday evening. The group included 25 members of the Winchester camp.

Due to serious illness in their families, the orator, Mrs. Markley, and the recorder, Miss Ulery, were unable to attend.

After supper, the group adjourned to the I.O.O.F. Hall where a short lodge session was held. After lodge games were enjoyed and prizes were awarded. The committee in charge of the evening included Mesdames Tom Glossop, Peter White and John Barnard and Miss Dorothy M. Young.

Boyle's Column

An Old Lady With A Bright Faith

BY HAL BOYLE

New York—(AP)—People sometimes say:

"The only way you can get in the newspapers is to hold up a drugstore or slop with a movie star."

So today I'd like to tell you the story of a simple heart—the story of "Mrs. Van." She is a fine old lady who never robbed a bank or ran against Harry Truman for president.

"But I've had a wonderful life," she said. It might not seem so to some people, but it does to her.

She has a long Dutch name, but she is shy and asked me not to use it. So I'll just call her "Mrs. Van"—as everybody does.

Mrs. Van is a practical nurse. She is white-haired and 63, but her skin is as fair as milk. I got to know her when she came to stay with a young neighbor couple expecting their second child. She would only accept \$10 a week.

When the baby came, the young mother said: "Do you know what Mrs. Van did with half of her first week's pay? She bought me flowers."

She likes the younger generation and disapproves of it.

"I don't think they can face life as we did," she said. "They don't have discipline. If I had lived as young girls do today I would never have been able to confront the problems I met in my married life—no, never."

Mrs. Van was born in Holland and married a carpenter at 21. They had five children when he came to the United States to found a new home here. It was just at the time America entered the first World War, and for two years he couldn't send money back to his family.

"I had to move into an abandoned schoolhouse," said Mrs. Van. "We had no breakfast, and the children took a carrot or a turnip to school. For lunch we had potatoes, and I saved the peelings and cooked them for supper."

"The neighbors felt sorry for us, but I was happy. We were all to-

gether—the children and I—and we were happy."

Had Twins at 39
 After the war she and the children came over, and the family settled in Pennsylvania. Mrs. Van had twins at the age of 39, and one died. Later her husband lost his mind. He spent five years in a mental institution before his death, and Mrs. Van had to support the family.

"I didn't know the language well," she said. "So I had to work as a scrubwoman and do washing. Then I studied the language with the children and I became a practical nurse. But I never was in want of a job."

"Now the children don't want me to work. They say I worked all my life for them, and now I should rest. But I like to help where I can."

She has a serene faith that never faltered in her long years of trouble and is sturdily indifferent to the present plight of the world.

"I believe the Lord will have to come and settle it," said Mrs. Van. "and the way the world is going, I don't think it will be long."

"There is an awful tribulation coming, but it won't get me. The Lord will come and take me away first. He will take care of his own."

Carrollton Has Case Of Polio

Carrollton—Ronald Anderson, 13-year-old son of Mr. and Mrs. Emer Anderson of southwest of Carrollton, is the first Carrollton child to fall victim to polio this year.

The boy entered St. Anthony's hospital in Alton July 26 where he was found to be suffering from an abortive type of the disease. No paralysis is expected to result.

Hospital authorities in Alton notified Dr. P. A. Dailey, the child's physician here, that Anderson was making satisfactory recovery.

ADVERTISE—IT PAYS

Miss Eloise Hays Becomes Bride Of Charles McKean

Manchester—Mr. and Mrs. Junior Hays announce the marriage of their daughter, Eloise to Charles McKean, son of Mr. and Mrs. Howard McKean of Murrayville, which took place July 23 at the home of Rev. C. L. Leitze at Lynnville.

The couple was attended by Mr. and Mrs. Luther Hornbeck, brother-in-law and sister of the bride.

The bride was attired in a dress of white waffle pique with white accessories and a corsage of lavender asters. Her only jewelry was a single strand of pearls, a gift of the bridegroom. Her attendant, Mrs. Hornbeck, wore a dress of pink chambray with white accessories and a corsage of white gladiolas.

The bride graduated from Roodhouse high school with the class of 1945 and from Lockwood School of Beauty Culture.

The bridegroom was graduated from Murrayville high school with the class of 1942. During World War II, he was a technical sergeant with the infantry in the European theatre. He is now engaged in farming with his uncle near Manchester.

After a short trip through the Ozarks the couple will be at home on a farm west of Manchester.

Former Morgan County Farmer Dies In Canada

David Henry Watts, former Morgan county resident, died Wednesday at a hospital in Rimby, Alberta, Canada.

Mr. Watts was born near Patterson on Oct. 1, 1865. He was married to Sarah Appleby on March 28, 1894. They resided on a farm near Lynnville until moving to Canada in 1907.

He is survived by a son, Robert, a daughter, Ruth, and seven grandchildren, all of Canada.

Also surviving are the following brothers and sisters: Mrs. Louella

Frost, Mrs. Sarah Shumaker, Irvin Watts and M. Lewis Watts of Jacksonville; Charles Watts of Franklin, and Tony and Warren Watts of Winchester.

A brother, S. T. Watts, preceded him in death.
 Funeral services will be held in Canada.

County 4-H Club Exhibits Judged At Virginia Meet

Virginia—Announcement has been made of the results of the county 4-H club Achievement day show held recently in the high school. Demonstrations and exhibits were given on foods, flower arrangement, and dining table covers. The show concluded with a dress revue.

The style revue will be repeated at the State fair, August 25. Five girls, awarded superior ratings in the demonstrations, have also been named to repeat their exhibit at the State fair. They are Martha Ann Maas, American Home-makers; Lee Ann Spoon, Black Swan; Joyce Lashbrook, Happy Go Lucky; Phyllis Felhaber, Walnut Grove; and Delores Strubbe, Jolly Jokers.

Sixteen girls earned superior ratings in the first year sewing projects, and sixteen in the advanced division. Jane Launer won an "A" rating for her exhibit on "Buying Clothing."

Superior ratings in other divisions were won by Onal Cowan and Doris Louie, quick breads; Theresa Peterson, yeast bread; Alice Baxter, Delores Strubbe, Margaret Virgin and Mary Strubbe, outdoor meals; Beverly Beets, Betty Dickey, Phyllis Felhaber, and Carolyn Jokisch, dairy foods; Delores Stephens, preserving fruits; Onal Cowan, Joan Lynn, Joanne Launer, Velma Schneider, Shelia Spoon, and Mary Strubbe, cookies; Shirley Carls and Theresa Peterson, room improvement; and Jennie Hughes and Mary Strubbe, table covers.

Veiling Works Contour Camouflage Under Head-Hugging Calot Styles

Veiling stuffed under the close-fitting crocheted calot is used to relieve cap's severe outline and to give head shapelier contours.

BY ALICIA HART, NEA Staff Writer

Those little beanie which are many girls' No. 1 choice of summer millinery can mercilessly expose a less-than-perfectly shaped head.

So, the smart thing to do, if you like to wear a beanie and your head isn't quite up to one is to use a little undercover work to create shapelier contours.

A generous length of veiling is all you need to use to stuff inside of a skull cap in order to improve head contours.

The veiling may be stuffed at the

very top of a beanie, if you need to give your head the illusion of more oval length than it has. Folding your veiling and tucking it under your little hat at the back works just as well in building out contour there if your head looks flatter than you like it to look in a beanie.

The skull cap that needs a little "lift" around the face can be given that treatment quite nicely by stuffing veiling inside of the hat all around the edge. To keep veiling well concealed and securely lodged inside of your hat, pin the "prop" to your hairline after you stuff it under.

How: South Gets More Factories

BY SIGRID ARNE, AP Newsfeature Writer

Washington—From the depression's tag end in 1939 to the war's end in 1945, the 13 southern states picked up 5,000 new factories. Most were financed by the government. They put 650,000 new workers on factory payrolls.

The National Planning Association (NPA) thinks that the lesson those workers and their bosses learned in big scale factory operation may prove to be more valuable in the end than the mere buildings and machines that were set up below the Mason-Dixon line.

For months NPA has enlisted the help of some of the best brains in the nation to study the South's economic life, to try to raise southern living levels to the average of the rest of the country. NPA is a private, non-political, non-profit research organization here.

NPA says that in 1940 average Mississippi pay-checks were only a third of the average for the rest of the nation. Pay-checks in all the 13 southern states averaged little more than half what the rest of the nation got on the average.

Partly it was due to lack of factories in the south and partly to the south's type of factory, which never turned out the more complicated sort of work and hence missed the heaviest profits.

NPA says 28 per cent of Americans live in the 13 southern states, but that southern factory workers earned only 12 per cent of the nation's factory payroll.

In 1939 North Carolina was the most industrialized of the southern states and Arkansas the least, in terms of employment and profits.

The great majority of southern factory workers turned out consumers' goods in 1939. Only 10 per cent worked in the metal industries—the cream of factory work—which not only employs its own workers but attracts other factories and hence other payrolls.

Then came the war. The South got new factories and machinery to the tune of \$4,442,000,000. The federal government paid out \$3,507,000,000 of that and private owners the rest.

Unfortunately for the South, much of that was in the "pure" type of war plant that is hard to shift to peace-time use. For example, 20 per cent was in explosives

and ammunition and 31 per cent in chemicals. Only one per cent was in vehicles and four per cent in iron and steel.

So the South's lack of heavy industry was not too much help by the wartime building splurge. But southern people are doing some very imaginative things in using what they have, testing out their own markets for goods they are now making in the old war plants.

Some plants have, of course, been sold outright to a single owner, to turn out a single product. But many are too big for southern manufacturers to take on. So several are getting together to lease various portions of the war plants.

The most variable use of such a building is perhaps the new peacetime role of the old Arkansas Ordnance plant in Jacksonville, Ark. It now has 10 separate factories in it. They turn out furniture, chemicals, pleasure boats, clothing and brushes.

The old infirmary has made the most dramatic shift. It has 65 beds and now houses crippled children under the care of the Arkansas Association for Crippled Children.

BANK GLAD TO LOSE POSTAL BUSINESS

Gunnison, Colo.—(P)—There's no profit in re-selling stamps so the First National Bank is glad it's out of the "postoffice" business.

Tellers were puzzled by a flood of tourists asking for stamps, mailing schedules and such until one visitor finally noticed that an arrow sign, intended to point to the post-office around a corner, had been moved by the wind until it pointed directly at the bank.

CZECHS WANT MORE MINERS
Prague—(P)—Czechoslovakia's Communist government is combating shortages of manpower and machinery in its coal mining industry as a serious threat to the nation's five-year plan.

In the mining town of Ostrava pictures of absentees are put on placards in the city square. The government is offering free vacations to miners at Bohemian spas, which a coal digger could never afford on his wages. There are also priorities on housing—in flats from which "undesirable elements" are expelled.

The press has been making something of a national hero out of Karel Benedikt, a 76-year-old miner from Ostrava. He has worked in the pits 42 years and has raised all his 10 sons to become miners. Two of the oldest son's sons also joined the trade.

DURBIN

Durbin—Miss Dixie Oxley of Chicago spent the week end here with her mother, Mrs. Colla Oxley.

Mr. and Mrs. George Lindemann and children of Walla Walla, Wash., visited Tuesday with Mr. and Mrs. Fred Pinkerton.

The condition of Mrs. Sadie Darley, who entered Passavant hospital several days ago, is reported improved.

Roy Pinkerton is vacationing in South Haven, Mich.

Mr. and Mrs. Paul Breckon and daughter of Mineral Point, Wis., visited over the week end with Mr. and Mrs. Charles Gibson and attended the wedding of Lois Smith and Paul Rust in Jacksonville, Sunday.

Mr. and Mrs. Frank Birdsell are the new occupants of the George Oxley home.

JERSEYVILLE

Jerseyville—Miss Genevieve Hanley of Jerseyville who is studying this summer at the University of Madrid, Spain, was on a broadcast Sunday over Radio National De Espana, the national Spanish Network, speaking from Madrid. Her talk was in Spanish.

Judge and Mrs. William F. Hanley, parents of Miss Hanley, received a cable from her telling of the coming broadcast, and they were able to pick up the program on their radio.

In connection with her studies at the University, Miss Hanley has taken a number of tours in Spain, among which was a visit to the Spanish folklore Museum. On the Fourth of July she attended a party given by the "Charge d'Affaires" in Madrid for all Americans in the city.

Reverend David B. Maxton, pastor of the First Presbyterian Church of Jerseyville, left Sunday for Chicago to attend the 20th Annual Conference for Ministers at McCormick Theological Seminary.

Prior to her marriage Mrs. Beierman was Miss Rita Heitsch.

Mr. and Mrs. Clyde Kochersperger of Clifton, Ariz., arrived Saturday for a week end visit with her grandmother, Mrs. Cora Spangle and other relatives in this part of Illinois. They went to Chesterfield Tuesday evening to visit Mrs. Kochersperger's parents, Mr. and Mrs. John Winters and were accompanied by Mrs. Spangle, William J. The American government spent \$800,000,000 for machine guns in 1917-1918.

NEIGHBORS KNUCKLE DOWN—After appealing repeatedly to the highway department to re-surface their street, the 21 families living on this St. Louis County, Mo., suburban street decided there was only one course of action. They would fix it themselves. They pooled the money and muscles necessary and dug in. Here, the men of the street, mostly young veterans, spread part of the 45 tons of rock they bought to fill in the gaping holes, which, they say, have broken auto springs and caused blowouts.

Flag-Raisers On Iwo Jima Join For Film, Tell Stories

By Bob Thomas

Hollywood, July 28—(P)—Ever wonder what has happened to the men who raised the U. S. flag on Iwo Jima in that classic war photo?

Three of them died in later combat on the Black Diamond Island. The other three came here this week to re-enact the historic event for the movies. They told me what has happened to them since the war's end.

Now 24, Gagon has been taking flying lessons under the G. I. bill and has two months to go for his commercial license. He is trying to angle a flying job while he's out here, because he'd like to settle in California.

Ira H. Hayes would like to get right back to his farm on the Indian reservation at Bapchule, Ariz. A chubby, laconic Indian of 26 years, he grows grain and vegetables on his 85 acres and works on construction gangs when he isn't farming. Has he married?

Does Better Without 'Em
"No thanks," he answered. "I get along better without 'em."

John Bradley, 28, returned to his job with an undertaking firm in Antigo, Wis. Does he like the work? "Sure—if I didn't, I wouldn't stay with it."

The sharp-faced mortician, who has a sly sense of humor, married after the war and has two children. He spoke modestly of the flag-raising.

He said he thought the vast publicity was unfortunate. "It's dad-gummed hard for a guy to go back home after something like that, especially to a small town," he remarked. "Every time you go down to the paper with a news story, you're afraid people will think you're a publicity hound."

Bradley corrected a common misconception about the flag-raising: "A lot of people think it meant the conquest of the island. Actually it happened on the fifth day of the invasion. The other three men got killed later in the campaign, not there on Suribachi."

The three men, who were solicited for the film job by Marine Corps recruiting, were taken to Camp Pendleton near San Diego to face the cameras of Republic's "Sands of Iwo Jima." It will mark the third time they have raised the flag. They re-created it once before at a war bond rally in Chicago.

A parade of "Stars," items you hear advertised on the radio, see in your favorite magazines and newspapers... such names as Swift & Co., Lever Bros., Welch's, Red & White, Flavor Kist, Robin Hood and a host of others, comprise the headlines this week in Red & White's great well-known brands week! HERO FINDS IT TOUGH
IN POLAND

Wroclaw, Poland — (P) — A young Pole who says he won Britain's Victoria Cross is finding things a bit tough in the New Poland.

He's Jan Botczakowski, 24, and he sells newspapers on the streets and in the cafes of this former German city of Breslau "to earn a living." Botczakowski said he served with British commandos during the raid on Narvik and personally captured two German generals.

Poles Dispute
Over Hospital
Equipment

Edinburgh, Scotland — (P) — Disagreement between Polish exiles and the Communist-dominated Warsaw government is holding nearly half a million dollars worth of American-donated hospital equipment idle in a warehouse here. Americans, including Mrs. Eleanor Roosevelt, wife of the late President, donated money for it.

It was sent to Edinburgh during the war. Thousands of Poles, including an entire army in exile, made their headquarters here after Hitler invaded their country. Many of them refused to return when the Communists gained control. They put much of the equipment to use in a Paderewski Memorial hospital they founded in 1941.

The hospital was closed in 1947. The equipment was to have gone into a Paderewski Memorial hospital in Warsaw. But Polish exiles here have objected that the Warsaw government will not give them sufficient assurances the whole outfit

will not fall into the hands of the Russians.

DRIVER'S LICENSE HARD
TO GET IN PENNSYLVANIA

Harrisburg, Pa. — (P) — It is getting tougher to get an automobile driver's license in Pennsylvania.

The Pennsylvania State Police reports that 32 per cent of prospective drivers taking drivers' tests failed in the first five months of 1949. This compares with 27 per cent "flunking" in a similar period in 1948 and 24 per cent in 1947.

Police could not explain the cause for the rise except to point out that more persons are seeking drivers' licenses than ever before.

The State Department of Revenue said 73,928 licenses were granted in the first five months of 1949, compared with 61,619 for the same period last year.

WEED MAY PRODUCE
LINSEED OIL SUBSTITUTE

London — (P) — The Colonial Office announced that a West African weed is "extremely promising" as a source of oil to replace linseed oil, which is mainly imported from Argentina, Uruguay, Canada and India. Lord Hankey, chairman of the Colonial Products Research Council, had previously told the House of Lords that the African weed produces conophor oil.

Alicia Hart's Beauty Mirror
MATURE BEAUTY REFLECTS EXPERIENCE

Beauty expert Floyd Barbee illustrates her own beauty plan for mature women: She turns gardening into exercise that yields figure improvements. The two mirrors bear witness to Miss Barbee's beauty blueprint: A nightly oiling for supple skin (upper left); a high-fashioned beflowered hat and matching fan clearly labeled "for sophisticates only."

BY ALICIA HART
NEA Staff Writer

The reason the older woman can be the smartest-looking woman in any group of assorted ages is because her experience has taught her how to be.

How to make your experience work for you, if you're inclined to let it loaf, is where beauty expert Floyd Barbee can be of help. As a teacher in the Powers School, this former John Powers model, who in private life is Mrs. Thomas Kerrigan and the mother of a grown son, worked out a beauty plan for herself from which any woman can derive as much benefit.

One way to grow more fascinating as you grow older, Miss Barbee is convinced, is to wear extreme styles that are too high-fashioned, too ludicrous on the young. Examples are her own favorite accessories—a bright, beflowered hat with matching flower-trimmed

fan which are outright attention-getters. What's more, no youngster could carry these off with as much dash.

But even a sophisticated woman needs the assurance that her face and figure can stand the close scrutiny her high-styled clothes will invite.

Miss Barbee, a make-up and skin expert, thinks that any skin past the first flush of youth needs extra lubrication. She uses a facial cream for removing make-up and depends upon it to keep skin supple. Her oil comes out again for a wrinkle-halting job at bedtime. With elbows hiked to shoulder height to avoid even the possibility of a downward sag-making motion with her hands, she rubs the oil in—up—and out. This must be done every night, and after any sun-tanning session which may turn a mature face "leathery."

Lithe and slim as a young girl, Miss Barbee admitted without a

blush that she works to keep her figure by watching her diet (she limits her starches and sugars, leans heavily toward fruit and vegetable plates); by taking tennis lessons;

by gardening stints that are exercise in disguise. "Gardening," she insists, "can be slimming if you take a good position with straight back, knees together, body taut as you work with that trowel. Even walking is slimming if you walk with head held high, back tucked down and in, arms swinging."

Outdoor activity is good for your figure—good for your health too. "Ask your doctor if dieting and mild exercise won't do a lot for you no matter how out of condition you are. And while you're asking," she continued, "find out just how highly he rates good morale, varied interests and stimulating friends as health and youth assets."

"Super Right" Policy Which Gives
More Good Eating—More Value!

How often have you bought a steak at a bargain price, only to be disappointed when it was served? Tough, lots of bone and fat, little flavor. If that has happened to you, you'll join the thousands who cheer A&P's "Super Right" method of selling steak. Here are five reasons why:

1. All A&P "Super Right" Steaks are cut from corn-fed beef exclusively. And are tender and juicy! 2. They're all selected "Super Right" quality, graded to conform to exacting A&P standards. 3. They're "Super Right" trimmed before weighing to remove excess bone and fat. 4. They're priced as low as possible, to give you the most good eating for your money. 5. All A&P "Super Right" Steaks are guaranteed. You can stake your reputation on a "Super Right" Steak.

Come see how well your folks can eat at thrifty A&P prices!

This is A&P's low price for sirloin steak, whether you choose flat bone or pin bone cuts. You get more good eating for your money because "Super Right" trimming removes excess bone and fat before weighing.

You don't get a greater amount of flank meat, or excess bone and fat when you buy "Super Right" Porterhouse Steak. That's all trimmed off before weighing. Instead, every ounce is tender, juicy and desirable. Compare and see why "Super Right" Porterhouse Steak gives you more good eating for your money.

Funeral Services Are Held Thursday For Jersey Woman

Jerseyville—Funeral services for Mrs. Emma L. Jewsbury, aged resident of the Jerseyville vicinity were held Thursday afternoon from the Jerseyville Methodist church. Rev. Frank Hedger of Alton officiated, assisted by Rev. Dale Harmon. Interment was in the Lax cemetery.

The deceased was the daughter of the late Henry and Martha Tischer Wiegand and was born Aug. 8, 1885, in Jersey county. She died at the home of her son, Clifford Jewsbury, southeast of Jerseyville, July 25, at the age of 63 years.

In addition to her son, Clifford, she is survived by one daughter, Mrs. W. F. Fowler of Jacksonville. She is also survived by six grandchildren and one great granddaughter.

Former Patterson Resident Weds

Patterson—Howard Hahn, former resident of Patterson vicinity, now of Granite City, and Mrs. Eunice Cardner of Brentwood, Mo., were married July 12, near Pentwood, Mich. They were attended by two couples from St. Louis.

They visited Monday evening with the former's sister, Mrs. Maude Johnson, and his mother, Mrs. Martha Hahn, enroute to their home in Granite City, as they were returning from their wedding trip.

One group Cotton frocks values to \$19.95. Now \$10.00. EMPORIUM

Construction on the new auditorium at the Illinois School for the Blind will begin within the next few days, according to announcement made Thursday by Leo J. Flood, superintendent.

The north wing of the administration building is being torn down and will be completely rebuilt. Excavation has been underway since June 6 and will be finished soon.

The auditorium will be on the first floor of the new wing. It will have a seating capacity of 400 and will function as a place for school assemblies, performances, meetings and the annual commencement exercises.

To Have Stage, Balcony

One of the features will be the new stage, which will be equipped with various lighting effects. On the balcony will be a projection machine for showing movies.

The organ has been dismantled and will be restored by the Kilgen Organ company of St. Louis.

In the basement of the new wing will be a recreation room, specially equipped with a variety of games and amusements.

Served Three Purposes

The old wing, which was torn down to make room for the new, previously housed the dining room, which was used as a recreation room, the auditorium on the second floor, and a third floor which was used as an attic.

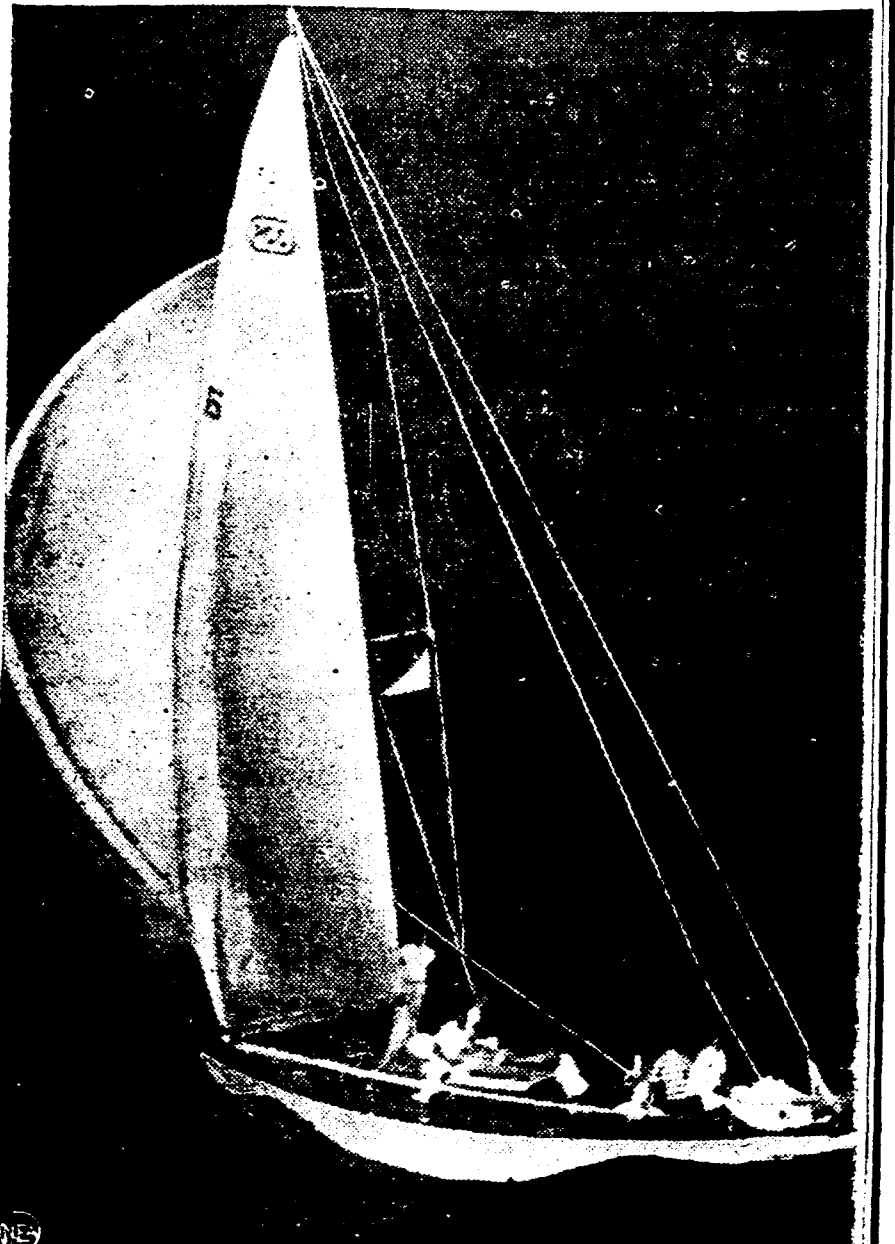

Work on the new wing is expected to be completed sometime during the coming school year.

J. L. Simmons is the general contractor. Emil Smith is construction foreman.

Morgan County Goes Over "E" Bond Quota

A final report from state headquarters of the U. S. Treasury Savings Bond campaign shows Morgan county in 84th position in the listing of counties in percentage of Savings Bond quotas reached. Through July 18 residents of this county in excess of a total of \$325,059 in series of "E" U. S. Savings Bonds, or 104.5 per cent of its quota of \$311,000.

Francis R. Rantz of the Elliott State bank is chairman of the bond campaign in this county, having the assistance of a committee and other banks of the county.

Illinois went far over its \$89,000,000 quota of "E" U. S. savings bonds sales in the "Opportunity" campaign which ended June 30, reaching 132.2 per cent of quota with total sales of \$149,469,967, the final report issued Thursday by Treasury officials shows.

Three Hunters Obtain Licenses Ahead Of Season

The squirrel hunting season in this section of Illinois is more than a month away, but several Morgan county citizens have already purchased hunting licenses which have and 4 under that. Schuyler county with a \$61,000 quota had sales of \$150,386, or 246.5 per cent of quota, highest percentage-of-quota in the state. Cook county with a \$53,695,000 quota had "E" sales of \$73,514,982.

The "Opportunity" drive began May 16, ended June 30 and the accounting period was from April 1 through July 18, Rauen said. No comparison with sales in the drive of the preceding year is possible because the dates were different and no "E" quota was set. Rauen explained, but analysis shows the drive just closed was a complete success.

LOOKING THEM OVER IN THE RING

Two hundred and fifty chunky, well-fed hogs grunted and grumbled under the summer heat at the New Berlin Junior Livestock Show Wednesday. The boys and girls of 4-H clubs and Future Farmers of America sweltered along with their animals, which they exhibited proudly. Above is a typical scene which was enacted many times—hogs in the ring, accompanied by their young owners, while the judges stand back and consider hoggy fine points. A blue ribbon may be handed out if the hogs in the ring come up to certain standards, or they may be waved back to their pens—outcasts until the time rolls around to go to market, when they are sure to be appreciated.

4-H Girls Attend Versailles Home Bureau Meeting

Versailles—The regular meeting of the local Home Bureau unit was held in the community building Thursday afternoon, with 16 members and several guests present. Roll call was answered with "Where I Would Like to Spend a Vacation."

Fred Markillie Of Winchester Taken By Death

Winchester—Fred Markillie, lifelong Winchester resident, died Thursday at 4 a. m. at his home here. He was 79 years of age.

Surviving are his wife, Effie, and a brother, Ed Markillie of Winchester.

The decedent worked as a contractor at Winchester. Funeral services will be held Saturday at 2 p. m. at the Danner Funeral Home in Winchester, with Rev. Williams, pastor of the Christian church, officiating. Burial will be in Winchester cemetery.

Phillip Cleary, Retired Farmer, Dies Thursday

Phillip Cleary, 610 West State street, died Thursday at 7:20 a. m. He had been in ill health for more than a year.

Born in Morgan county on Dec. 18, 1866, Mr. Cleary was the son of John and Mary Jane Killam Cleary. On April 15, 1914, he was married to Helen Virginia Sargent, who died on April 21, 1942.

Surviving are two daughters, Helen Cleary Lydon of South Bend, Ind., and Virginia Cleary, at home; two brothers and two sisters, Michael Cleary and Mrs. Edward Stevenson of Jacksonville and Jeffrey Cleary and Mary Cleary of Knoxville, Tenn.

Mr. Cleary was preceded in death by one brother, John Cleary, and a sister, Margaret O. Day.

The decedent, a retired farmer, was a member of the Church of Our Saviour.

The body is at the Gillham Funeral Home, where the family will receive friends from 7 to 9 o'clock Friday evening.

Funeral services will be held Saturday at 10 a. m. at the Church of Our Saviour, with Rev. Father John Morris officiating. Interment will be in Diamond Grove cemetery.

An appeal for nurses to care for polio victims during the present epidemic in Illinois was received here Thursday by John Agger, chairman of the Morgan County chapter of the National Foundation for Infantile Paralysis, Inc. The letter was from Andy Glosecki, Illinois state representative for the southern district.

The communication announced that a short training course for polio nursing will be held at St. John's hospital in Springfield on Aug. 9 and 10. "We are hoping that we can have enough nurses take this course to supply St. John's hospital with a sufficient number of nurses to take care of the polio situation this year without having to secure nurses from other states," the state official said.

Mr. Agger was asked to make a survey in Jacksonville and Morgan county to secure nurses who will enroll for the short training course and accept emergency assignment to work on polio cases at St. John's hospital.

No charge is made for nurses taking the short course. Any nurse who is recruited by the American Red Cross for emergency polio assignment is paid on the basis of \$250 per month with allowance up to \$75 per month toward their maintenance. Usually nurses are recruited for a period of two months.

Nurses in the Jacksonville area interested in enrolling for the short course at St. John's and assignment to polio work should contact Mr. Agger, 846 Grove street.

State Patrolman And Winchester Woman Married

In a single ring ceremony performed Sunday afternoon, July 17, at 4 o'clock, at the Methodist church in Winchester, Mrs. Charlotte Christian, daughter of the late Mr. and Mrs. J. P. Bradshaw, became the bride of Merle H. Balke, son of Mr. and Mrs. F. H. Balke of Winchester.

Rev. Ralph E. Jasper, pastor of the Methodist church, officiated. Mr. and Mrs. Wilbur Westermeyer, sister and brother-in-law of the groom were the attendants.

For her wedding the bride chose a white two-piece dress with white accessories. Her shoulder corsage was of red roses.

The bride's attendant wore a navy blue and white dress with navy blue accessories. Her shoulder corsage was of pink roses.

Following the ceremony the wedding party had supper at Brockman's Cafe.

The couple left on a wedding trip to the Ozarks after which they will reside in Winchester. The bridegroom is employed as a state patrolman.

It's "Buick weather" -and are you ready?

WHERE DOES LUBRICARE STOP?

In one of our exacting Lubricare treatments, you pay only what a routine "grease job" would cost elsewhere—but when your Buick comes purring back home you discover we've eased up the trunk latches, puffed a little puff of graphite powder into your door locks, checked your brake fluid.

We've even oiled the windshield wiper mechanisms—and that's only a good beginning. While we lubricate we also inspect, from bumper to bumper—catching your little troubles before they grow to big ones.

This time of year your garage doors open onto a wonderful world of fun, wide and fresh again—waiting for you and your Buick!

Great highways where you breeze along—shaded narrow roads leading you back to the hills, or to a piece of water you want to see again—you'll take them equally in your stride if your Buick's in top-flight shape.

How about letting us put it in that shape for you?

Get one of our conscientious motor tune-ups, and one of our thoroughgoing Lubricare treatments. We'll put the bounce back in your motor—while we're taking the bounce out of your ride.

We do this well because we're Buick men. We know your Buick, we've studied correct factory methods for each operation, we know the factory specifications your car was built to. We use genuine Buick parts—even special Buick tools!

Yet you don't pay a penny more for all these extras. Stop in this week, won't you?

MERRY CHRISTMAS—Perspiring church women string Christmas lights on an evergreen tree in preparation for a midsummer Yuletide party at Kendallville, Ind. Methodist Church members thought Christmas is too commercialized in December so decided to hold their own celebration, stressing religious aspects, in July. The tree had to be set up indoors because too many bugs outside waited to join in on the festivities.

THE DOCTOR SAYS New Book Probes Subject Of TB And Genius

By Edwin P. Jordan, M. D.
Written for NEA Service.

Dr. Louis J. Moorman, of Oklahoma City, Okla., has written a book called "Tuberculosis and Genius." In the preface he says that he hopes it may help remove the unwarranted stigma so often attached to those suffering from tuberculosis.

He has collected an impressive array of famous victims of tuberculosis. Robert Louis Stevenson, who was an invalid with tuberculosis the greater portion of his writing life, overcame the drawbacks of his condition well enough to become one of the most celebrated authors of all time.

Frederick Schiller, Marie Bashkirtseff, Katherine Mansfield, Voltaire, Moliere, Francis Thompson, Shelley, Keats, Ralph Waldo Emerson and St. Francis of Assisi are subjects of fascinating biographical accounts in Moorman's book. The accomplishments of their genius are fitted into the ups and downs of their tuberculosis.

Decrease And Increase
Moorman points out that tuberculosis may give rise to two definite manifestations. One is to decrease physical energy, and the other to stimulate mental activity. Sometimes enforced physical rest may create an increase in mental activity as a sort of recompense.

Perhaps this may explain some of the tremendous mental energy shown by the genius who is afflicted by tuberculosis. Even if this is not the case, great mental accomplishments do not seem to be blocked by having tuberculosis.

In these days when the treatment of tuberculosis has been so greatly improved, we may count on saving most of those who are afflicted with the disease. It is interesting to guess what Shelley, Keats and other victims of tuberculosis would have done in later life if they had not died young from tuberculosis. If they had lived today most of them would have been cured and lived more nearly normal healthy lives.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

SNAKE IN THE GRASS

Lewiston, Montana—(AP)—Montana Rancher Martin Norman said he had the shakes after this experience with a rattlesnake.

Norman and Ted Langford were out trailing cattle in the Missouri brakes near here. They stopped for a rest and stretched out in the grass to cool off. A noise attracted their attention and when they looked up,

there was a rattlesnake between them.

Norman rolled out of the snake's range, but Lankford froze and lay still. The rattler slithered up to Lankford, looked him over and turned and went away.

Lions Grab Honors In Intra-Club Golf Match At Virginia

Twenty-five representatives of the Jacksonville Lions Exchange, Kiwanis and Rotary clubs tangled on the Virginia Country club golf links yesterday afternoon in an intra-club golf match.

The winning club was determined on the basis of an over-all player average. The Lions, fielding a four-man squad, was low in team average. The Exchange club also fielding four golfers, Kiwanians with 8 men and the Rotarians with nine men, finished in that order.

The golfers based their scores on 18 holes.

"Bos" Sorrells of the Rotary club, was low golfer for the afternoon, finishing with an 80. B. M. Montee, another Rotarian, shot an 81, and John Murray, a Lion golfer, was third in individual scoring with an 82.

Coca Cola, Amvet Nines Win Junior Frays, 12-7, 16-6

The Coca Cola and Amvet juniors won league tussles at the Northside park last night. The Coke kids rapped the Trinity softballers 12-7 in the preliminary and the Amvets trounced the Squires 16-6 in the American league final.

Dixon twirled the Coca Cola club to its National league victory. Jim Bote twirled for the Trinity boys.

Blesse took it on the chin all the way for the Squires in the second contest. Strubbe and Alenz combined their pitching talents in the Amvet lineup.

The line scores:

First game: Trinity Club 101 113-7 5
Coca Cola 242 31x-12 15

Second game: Amvets 008 17-16 13
Squires 020 30-6 7

Braves Outslug Cincinnati 11 To 2

Cincinnati, July 28—(P)—Boston slugged out an 11 to 2 win over the hapless Cincinnati Reds today, as Warren Spahn coasted to his 12th mound victory of the season. He gave up six hits.

Bob Elliott, Alvin Dark, Elbie Fletcher, and Rookie Catcher Del Crandall hit for the circuit. Also pumpling three local hurlers was Ed Sawyer, who got five safeties in as many times at bat to spearhead the Braves 16-hit attack.

Elliott drove in two runs with his fourth home in three days.

The Winchester and Roodhouse V. F. W. softball teams will tangle in the opening game of the district softball tournament on the Nichols park diamond at 7:30 this evening. K. of C. mines will lock horns in the 8:45 p. m. contest.

The district tournament, which boasts 14 teams, is conducted under the auspices of Herschel Heaton, district A. S. A. softball commissioner. Heaton will hold an 8-team sectional tourney at the Northside park starting August 10, the winner of which will advance to the state finals in Danville.

The district tournament is only the first step in the weeding-out process that will eventually determine a national A. S. A. softball champion. The local district winner will advance to the August 14 sectional event.

"Trophies will be awarded to the first three teams in the tournament. However, only the first-place winner will be allowed to compete in the sectional," so stated commissioner Heaton in an interview yesterday.

The tournament schedule will be interrupted somewhat when the Hot Ten Tots take over the Northside diamond for a two-day state side weekend. After tonight's tourney games, competition will cease until Monday night. Play will resume Monday with the Roodhouse Flyers meeting Ruh & Durocher at 7:30 and the Pepsi Colas playing Litterberry at 8:45 p. m.

Games will be played continuously through Tuesday, Wednesday, Thursday, and Friday nights. The teams will take a rest Saturday night and come back Sunday evening for the consolation and Championship frays.

Here is the tourney schedule: Tuesday—House of Clay vs. V. F. W. and Carrollton Lions vs. Nesco. Wednesday—Moose vs. winner game 1 and winner game 2 vs. winner game 3.

Thursday—Elks vs. winner game 4 and winner game 5 vs. winner game 6.

Friday—winner game 7 vs. winner game 8 and winner game 9 vs. winner game 10.

Sunday—Consolation at 7:30 p. m. and Championship at 8:45 p. m.

Illinois' Hospitals For Mentally Ill 57 Pct. Overcrowded

Springfield, Ill., July 28—(P)—The state's 11 hospitals for the mentally ill are 57 per cent overcrowded, welfare Director Fred K. Hoehler said today.

Population of the hospitals increased nearly 1,000 to 44,164 in the year ended June 30. Hoehler said this meant the institutions were caring for 16,029 patients more than their capacity.

The overall population in the 25 welfare institutions totaled 47,275 on July 1, an increase of 853 over the previous year.

Ag. Dept. Places Price Floor Under Cottonseed, Cheese

Washington, July 28—(P)—The government is broadening its farm price support operations in a move to stabilize markets being weakened by shrinking foreign demands and increasing production at home.

The agriculture department has added cottonseed and cheese to a long list of agricultural commodities under which it has placed price floors. Its price support operations of the past two years have averaged \$3,000,000,000 in department funds are invested in grains, cotton, butter, dried milk, dried eggs, and other postwar surplus commodities which the agency has either taken over or is obligated to take over from farmers under the support programs.

BIG ONE GETS AWAY ONLY AFTER 23-HOUR BATTLE

Charlton, Ia., July 28—(P)—The story of a fisherman's 23-hour battle with a catfish that got away was told here today.

An estimated 1,000 spectators at one time watched the struggle of Robert Dale with the fish.

Weight of the fish was estimated from 60 to 100 pounds and its length at more than 5 feet.

Dale and his brother were crappie fishing from a boat in Haw Hill lake when the big one latched on. Dale was using a nine foot bamboo fly rod with a 15-pound bait-casting line, light nylon leader and a yellow fly.

The fish grabbed the fly about 9 o'clock in the morning. Dale kept his line taut, his pole bent in hope of wearing down the fish.

"That fish started out pulling us and the boat behind him," Dale said. "He circled the lake, went in and out of all the coves, crossed and recrossed the lake many times. The old fellow knew every rock, stump and brumple in the lake."

Mrs. Dale supplied the anglers with food as they stayed with the fish, riding around and around the lake. Spectators called encouragement from the shore. Some of them stayed up to 3 a. m., Dale said.

Finally, shortly after 8 the following morning, Dale's line snapped and the fish escaped.

ADVERTISE—IT PAYS

By Bob Morris

After throwing the spotlight on Stan Spots in this column yesterday, we received a most timely letter from him this a. m. Stan tells his story much better than we could, so we'll impart the missive, verbatim, to his followers.

"Dear Bob, Had a few extra moments before we eat, so I'll take the opportunity to drop you a few lines. This is one of the fastest 'D' leagues in the country. Our home park is named 'Tinker Field' (after Joe Tinker). Stan Musial pitched his last game on this diamond.

We play in beautiful ball parks, very good lights and the attendance is large. I'm making a lot of friends and learning quite a lot, also.

We play all night games and loaf during the day. Go to a show or play pool 'till 4 p. m. We eat, and at 5:45 a bus takes us out to the ball park for batting practice.

This Myatt, our manager, knows his stuff. He threw a big party for us the other night.

That's about all for now, Bob. Believe me, this baseball life is O. K. I advise anyone that gets the chance to grab it.

"Stan"

Professional teams aren't the only ones who fete their ball players. In the local light, Bob Reed and Claude Vasey, Trinity East Side Boys Club directors, treated their member softball players to a chicken and watermelon feast at a Nichols park last night. Eighteen boys enjoyed the fried chicken and watermelon to which they were treated for performance and sportsmanship on the softball diamond during the current season. Bob and Claude are a pair of leaders that could well set a precedent for the establishment of more such organizations in Jacksonville.

Hannable Dixon belatedly reports that his Moose softball team cleared its first hurdle in the Clearstown tournament Wednesday night when they knocked off the Loomi nine 10-0. Joe Tapsco, only 2 hits in blanking the Loomi batsmen. The Moose team will continue in the tournament by tangling with the Clearstown Red & Gun Club this evening at 7:30 o'clock. The Red & Gun nine won the right to meet the Moose by eliminating the local V. F. W. aggregation 3-1 in an earlier game.

The Moose won brought the number of Jacksonville teams remaining in the tournament to three. The House of Clay and Implement Dealer nines are all that remain of the original number of six local squads entered.

The Moose junior softballers' handy win over Havana in the Decatur state tourney proved that the local youngsters are to be reckoned with in state-wide competition. They played the host club, Decatur, last night.

Boston Wallops White Sox 6 To 1

Boston, July 28—(P)—The Boston Red Sox made a clean sweep of their series with the Chicago White Sox today as Ellis Kinder racked up his 11th victory of the season with a 6-1 verdict in blistering heat before a thin crowd of 5,651 paying customers.

Howie Judson, who was charged with his 12th loss against a single victory, pitched effectively for Chicago until he suddenly lost his control in the fourth.

With one away, he "zeke" Zarilla chased two of them home with a clean single to right. Ted Williams accounted for the third score with his 26th homer in the fifth and the Red Sox racked up three more in the seventh.

New York, July 28—(P)—General Motors Corp. reported the highest sales and earnings in the company's history for the second quarter of this year.

The GM net income for the three months ended June 30 was \$166,915,305, equal to \$3.72 a share, compared with \$110,282,260, or \$2.43 a share for the second quarter of 1948. Sales were \$1,595,349,652 against \$1,145,550,234 for the second quarter last year.

MISS FREDA BERG HONORED IN COURT

Springfield, Ill., July 28—(P)—Miss Freda L. Berg of Springfield was honored today in federal court for 45 years service in the U. S. attorney's office here.

Judge Charles Briggie and U. S. Attorney Howard Dwyer presented her a certificate and gold medal from the attorney general. Miss Berg has served under six district attorneys.

Cardinals Beat Phils For Third Time 10-2

Hermanski's 4-Run Homer Helps Bums Defeat Cubs 7-1

Chicago, July 28—(P)—The Brooklyn Dodgers stayed close on the heels of the league leading St. Louis Cardinals today, taking the odd game of the three-game series from the Chicago Cubs, 7-1.

Gene Hermanski's grand slam homer in the sixth inning off Bob Rush broke up a 1-1 tie and paved the way for the Dodgers' triumph. Jackie Robinson and Duke Snider also hit homers for Brooklyn. They came in succession off Walt Dubiel in the seventh inning. Snider's was his 14th and Robinson's 11th.

Rush, the loser, yielded a run in the first inning.

A fine relay started by outfielder Hank Sauer saved Rush from further embarrassment. Pee Wee Reese opened the game with a walk. He raced to third on Marv Rackley's single and scored when Snider doubled to left. Rackley also tried to score but was cut down at the plate. Sauer to Roy Smalley to Mickey Owen.

The Cubs got the run back in their half of the first. Frankie Gustine was credited with a double when Billy Cox lost his pop fly behind third in the sun. Frank Baumholtz singled him home but was out trying to steal.

Fast running by the fleet-footed Dodgers set up Hermanski's grand slammer. Rackley beat out a hit to short. Snider then beat out a hit to first. Robinson bunted, but Andy Fafko dropped Rush's throw to third, and the bases were full. Hermanski emptied them.

The victory was turned in by Ralph Branca, who went the route for the first time in a month to earn his 11th triumph. He allowed eight hits, but was tough in the pinches.

Youth Given Life For Torch Murder Of Great Uncle

Wayne, W. Va., July 28—(P)—Sixteen-year-old Bernie Martin awaited transfer today to the state penitentiary, where he will serve a life sentence for the torch slaying of his great-uncle.

The slaying of two other youths were accused of beating 68-year-old John Caldwell to death last May, pouring kerosene over his body and setting it afire. The \$1,500 which was stolen from Caldwell.

Judge C. W. Ferguson imposed the life sentence yesterday immediately after a circuit court jury returned a verdict of guilty of first degree murder, with recommendation of mercy. There were tears in Martin's eyes as the judge pronounced the sentence.

The other two youths, Walter Copley, 20, and Evelyn Caldwell, 19, will be tried at the November term of court. Ervin Caldwell is a grandson of the victim.

Tigers Maul Nats In 13-7 Contest

Washington, July 28—(P)—The Detroit Tigers mauled the Washington Senators 13-to-7 today with a seven run rally in the ninth inning.

The last frame spurge was highlighted by a grand slam homer by knotted Dizzy Trout. The score was knotted at 6-6 at the end of the 8th.

Three runs were forced across by Joe Haynes and Al Gettel with bases on balls before Trout scored his homer.

SAYS-USE HORSE SENSE ON TRACTORS OR ELSE

Chicago, July 28—(P)—Trouble with a tractor, it doesn't think like a horse. And, because of that, many farmers get hurt.

John Lake, safety director of the Illinois Agricultural association, said today some farmers need good old-fashioned horse sense. Tractors don't provide it.

"Many farmers put tractors up where horses and across gullies where horses refused to go," Lake said. He said 37 people lost their lives when crushed by overturned tractors on Illinois farms last year.

Lake said farmers should be backed out of ditches and gullies and farmers should reduce the number of gullies on their farms.

Wilmington, Ill., July 28—(P)—Raymond Olson, 59, of Wilmington, was drowned in the Kankakee river near here today. Sheriff's deputies were dragging the river for his body. Deputy Dewitt Taylor said the small boat from which Olson had been fishing apparently overturned. He said Olson could not swim.

Army Is Testing Solutions To Ward Off Tooth Decay

Washington, July 28—(P)—The army is looking for teeth-freshly pulled molars for use in studies of dental decay.

The idea is to test a couple of anti-decay solutions.

Research is under way at the army's research and graduate school and the word has gone out to army dentists to send in teeth.

When a reporter asked if teeth yanked by civilian dentists would be welcomed, the answer was: Sure, he glad to get them.

The army wants molar teeth that are newly-extracted, and which are not decayed. That is, they must be teeth that have been pulled for reasons other than decay.

The dental division will furnish instructions for dentists to follow, and self-addressed franked containers, made of metal, on request.

N. Y. Giants Whip Pittsburgh 8 To 6

Pittsburgh, July 28—(P)—The New York Giants blew a five run lead today but bounced back and defeated the Pittsburgh Pirates, 8-6.

On the strength of Sid Gordon's 20th home run of the season with a man on base in the sixth inning.

The Giants hopped on Murray Dickson for five runs in the first three innings, but the Pirates struck back in their half of the third and chased Larry Jansen with a four-hit five run blast. The Pirates took the lead with two runs in the fifth.

Willard Marshall doubled with two down in the sixth and Gordon followed with his belt over the left field wall. The Giants added another run in the ninth.

PRICE REDUCTIONS SUSTAIN VOLUME OF CONSUMER BUYING

Washington, July 28—(P)—Consumer income and consumer purchasing held up well in the second quarter of 1949 although business men were shying away from buying, the commerce department reports.

Price reductions in June served to sustain the volume of consumer buying of a number of goods for which demand had been weakening, the department said.

"The flow of goods to consumers in June continued to show marked stability in the aggregate although spending was more selective," said an analysis appearing in the department's July "survey of current business."

All Summer's reduced one half price or less.

Stevenson Staying Out Of Dispute Over Camp Ellis

Springfield, Ill., July 28—(P)—Governor Stevenson plans to stay out of the controversy over proposed abandonment of Camp Ellis by the Illinois National Guard, an aide said today.

Stevenson is going to take no position on a legislative committee's report criticizing a proposed shift in the guard's operating base to the Lincoln ordnance depot south of Springfield, the spokesman said.

The report, sent to Stevenson and the legislature, said Camp Ellis should be expanded and improved rather than discarded. The 17,000-acre military reservation is near Leawards.

Adjutant General Leo V. Boyle of the guard testified at a committee hearing in June that the Department of the Army has ruled Camp Ellis too small to cut off financial support for its maintenance.

Illinois National Guard units are holding field exercises this summer at Camp McCoy, Wis., a 90,000-acre tract which is approved by the army department for guard training.

Barkley To Speak At Fair Aug. 18

Springfield, Ill., July 28—(P)—Vice-President Alben W. Barkley will be the main speaker on the Governor's day program at the Illinois State Fair Aug. 18.

Barkley, who spoke on Democratic day at the fair last year, plans to fly here from Washington. He will be accompanied by Senator Scott W. Lucas and other prominent Democrats. The announcement was made by Governor Stevenson last night.

Myers Bros. And Nesco Win League Tangles

The regularly scheduled senior league contests closed at the Southside park last night with Nesco and Myers Bros. clubs racking up wins in their respective loops.

The many rained-out dates will be filled in between the district and sectional tournaments and will also be played after the sectional tourney.

Nesco won the curtain-raising "B" league tangle from the V.F.W. crew in a wild and wooly 9-7 affair. Nesco hitters jumped on starting V.F.W. pitcher Stewart for 8 runs in the first inning to put the game on ice.

Stewart was followed on the hill by Weber and Stevenson put the V.F.W. Stevenson finally put out the fire in the second inning. Kirk twirled all the way for Nesco.

Myers Bros. Win

A rejuvenated Myers Bros. team bounced back after its defeat in the hands of Gillespie Wednesday night and clubbed out an 8-2 victory over the Elks in the "A" league closer.

"Potsy" Clark, Elks shortstop, opened the scoring in the first inning. Clark, the leadoff man, lifted a pop fly into short rightfield. Schaffer, Myers second baseman, and Lasley, the rightfielder, collided attempting to make the catch, and Clark raced home with a four-bagger inside the park.

The Myers Bros. hitters fought back in the second and third innings and gave pitcher Bud Stutles a 3-1 lead to work on. They continued their scoring spurge, adding a single run in the fourth, two in the fifth and a pair in the sixth to end their scoring drive.

The Elks counted markers in the first and fifth frames.

THE STORY: A wealthy widow, Mrs. Malone, believes that an atomic war is impending and with it will come the destruction of civilization...

She has sold all her belongings and put her money into a safe. She has equipped two trailers with comforts and is fleeing with her servants to a place of safety. In the party is Mrs. Margaret Malone, her cook, who did not understand the expedition until she was a part of it and who has since been tempted to run away. Mrs. Malone has learned that Mrs. Everson is in love with her handsome chauffeur, Rudy, a disgraced movie star, but Rudy is Victor, the hero of the story. Mrs. Everson is the only one who has not been tempted to run away. Mrs. Malone answers: "Who isn't?"

Angus Steer Owned By Darrell Smith Judged Livestock Show Champ

An Angus steer, the entry of Dorrell Smith of Alexander, was pronounced Grand Champion of the New Berlin Junior Livestock show, Thursday, the second day of the show.

Smith interrupted a vacation at the Lake of the Ozarks with a group of vocational agriculture students to exhibit his prize winning steer. An account of their trip appears elsewhere in today's paper.

Roodhouse Rotary Hears Discussion On School Matters

Roodhouse—Superintendent, Gen. W. L. Lowe, program chairman at Rotary Wednesday evening, spoke on school matters of interest to the community.

Vocal music was furnished by Jim Ransom and Don Standridge.

Visiting Jacksonville Rotarians were George Carpenter and Charles Ehnie.

The annual fish fry and stag party will be held next week at the country home of J. Lee Hopkins.

Return From Colorado

Mr. and Mrs. Elmer Houseman and son, Jimmy Joe, of this city, Mr. and Mrs. Dewey Young of Alton; and Mr. and Mrs. Curtis Pant and son of Slater, Mo., returned home recently from a two week vacation at Estes Park, Colo.

While there they made a trip up in the mountains to an elevation of 12,000 feet, where the temperature was 47 degrees with snow, sleet and hail.

Four Candidates Accepted Thursday By Eastern Star

Four candidates received the degrees of the Order of the Eastern Star at an initiation held last night in the Masonic temple.

The new members of the Order are Mr. and Mrs. Marion Thompson and Mar. and Mrs. Roy Birdsell.

In the absence of four officers, Mr. and Mrs. Edw. Chumley, Mrs. Maurine Lair and Mrs. Laura Hatfield substituted as associate matron and patron, marshal, and Aah during the ceremony. Mrs. Marion May, worthy matron, presided.

Special music was furnished by Mrs. Myrtle Chumley and Mrs. Cora Little, with Mrs. Inez Canatney at the organ.

Following the meeting, refreshments were served by Mr. and Mrs. Lamar Gutekunst and Mr. and Mrs. William Cruzan.

Head Of U. Of I. Horticulture Dept. Dies In Office

Champaign, Ill., July 28—(P)—Prof. Byron Lewellyn Wade, 47, head of the University of Illinois department of horticulture, died today.

He was stricken in his campus office about noon after lecturing to classes in the morning. His death, in Carle Memorial hospital, was attributed to a heart ailment.

Professor Wade came here last September from Charleston, S. C., where for 12 years he was director of the U. S. Department of Agriculture Vegetable Breeding laboratory. He was a native of Madsen, Va.

His wife and son, Louis, were visiting friends in Smithfield, W. Va., at the time of his death. Funeral arrangements await their return here.

Franklin Legion And Auxiliary To Start Campaign

Franklin—The Franklin American Legion and Auxiliary have started a campaign to secure funds to purchase the Robert Nelson building which they have contracted for.

This building will be available about Oct. 15. It will require some remodeling but with the united effort of the Legion, Auxiliary and the public it can become home for the men of this community who were in the service.

The members of the Legion and Auxiliary will have pledge cards and will call on each individual of the community for a subscription.

They are expecting great interest in this future Memorial home.

Child Struck By Car On July 18 Still Unconscious

Carrollton—Patricia Ann Houseman, four-year-old daughter of Mr. and Mrs. Bunny Houseman of this city, remains in an unconscious condition in the Boyd Memorial hospital here.

The child suffered a skull and leg fracture, when struck by a car at the home of her parents Monday, July 18. Attending physicians reduced the leg fracture and placed the child in a body cast Tuesday. Although she has not regained consciousness, her general condition shows improvement according to her physician, Dr. A. D. Wilson.

Delbert Printy entered the Boyd Memorial Hospital Wednesday for treatment for a cut on his foot inflicted by an axe. The axe struck the left foot above the big toe in such a manner that the toe was almost completely severed.

Say Eye Cataracts Can Be Caused By Neutron Radiation

Champaign, Ill., July 28—(P)—Eye cataracts are an occupational disease of atomic scientists, the University of Illinois trustees decided today.

The board affirmed that neutron radiation from the university's cyclotron caused cataracts to form over both eyes of Dr. Lloyd Smith, a former U. of I. atomic scientist.

Smith was employed as a research assistant at Illinois from 1943 to 1945. He is now a member of the staff of the University of California's radiation laboratory at Berkeley.

The trustees approved a recommendation by its committee on accident compensation that Smith be awarded a claim for medical treatment. The amount has not yet been determined.

The committee said that after consulting medical authorities it found cataracts due to atomic radiation "constitute an occupational disease."

Services Held For Versailles Woman

Versailles—Funeral services for Mrs. Christine Pool were held Tuesday at the Christian church, with Rev. William Porter of Burnside, a former local pastor, officiating.

Mrs. Pool died Sunday morning at Oaklawn sanatorium in Jacksonville, where she had been a patient for the past 16 months. She was 32 years of age.

A native of Versailles, Mrs. Pool was the only child of Mr. and Mrs. Homer Smith. She is survived by her husband, her parents and two children, Gale Lee and Bonnie Lou.

INFANT CHOKES TO DEATH ON FOOD

Decatur, Ill., July 28—(P)—A food particle lodged in his throat today killed 23 months old Richard E. Ingle.

Firemen and a physician worked vainly for an hour in effort to revive him. The physician said the baby strangled on the food particle.

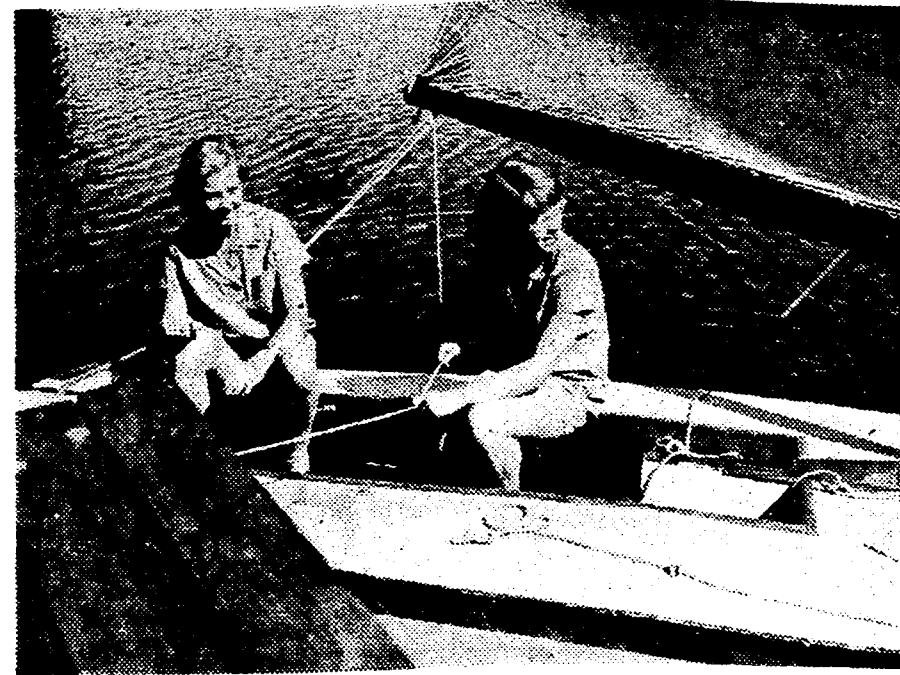

Richard was the son of Mr. and Mrs. Ingle of Decatur.

Man Slightly Injured When Struck By Truck

Dave Fernandes was injured Thursday afternoon at 5 p. m. when he was knocked down by a 1948 Chevrolet pickup truck driven by Russell Doyle, RR 6. The accident occurred on North Main street across from the Buick garage.

Mr. Fernandes, who had parked his car on the west side of North Main, had stepped out to go into Andrew's lumber company and, according to Mr. Doyle, he walked into the right front fender of the truck and was knocked to the pavement.

Mr. Doyle stated he was going about 20 m.p.h. He stopped and took Mr. Fernandes to Passavant hospital where he was attended by Dr. Wolfe. He was released after his injuries were found to be slight.

Mr. Fernandes, who was sitting in the parked auto, and Mrs. Doyle, who was with her husband, were witnesses to the accident.

This marks the second pedestrian-vehicle accident within 24 hours in Jacksonville. Wednesday night Clarence Spolium, Jacksonville, was struck by a hit and run driver on the public square. Police had found no trace of the driver late Thursday night.

Catholic Member Of Congress Takes Eleanor's Position

Washington, July 28—(P)—A Roman Catholic member of Congress, Rep. Andrews Jacobs (D-Ind.), tonight defended Mrs. Franklin D. Roosevelt who has been denounced by Francis Cardinal Spellman, Catholic Archbishop of New York for her stand on federal aid to education.

Judge Says U. Of I. Violated Law In Firing Director

Chicago, July 28—(P)—A Chicago superior court judge ordered the University of Illinois today to reinstate a woman the judge ruled was fired in violation of civil service regulations.

She is Miss Virginia A. Kenny, 37, of suburban Kenilworth, social service director at the university's Chicago research hospital until December, 1947.

Miss Kenny contended she was replaced then, without a hearing, by Miss Marion Russell of Washington, D. C. She claimed the U. of I. pays Miss Russell \$6,000 a year, twice what Miss Kenny said she had been getting for doing the same work.

The university maintained Miss Kenny was hired as a teacher at the hospital and was not entitled to civil service protection. It said a reorganization of the hospital's social service department created a new job for Miss Russell.

THE T. G. WATKINS SAFE AFTER TYPHOON

Friends of Captain and Mrs. T. G. Watkins will be glad to learn of their safety after experiencing the typhoon that swept the island of Okinawa July 23.

Capt. Watkins, an aviation engineer, is stationed on the island and supervised the building of Kedena airfield.

Mrs. Watkins is the daughter of Mr. and Mrs. O. F. Coultas, 1051 Grove street, and has many friends in this city.

Tractor Parade Will Highlight Homecoming

Winchester—A schedule of events for the annual Winchester American Legion burgoo, picnic, and homecoming to be held August 4 was announced Thursday by entertainment chairman, Don Dugan. Cake judging will begin at 10 a. m. and the winners will be announced at noon.

At 11 a. m. the tractor parade will start at the high school and move past the reviewing platform, located in the business district, out to Monument park where prize winners will be announced. A group of attractive prizes will be awarded.

The parade, believed to be the first of its kind in this part of the country, will begin promptly at 11 a. m. and is expected to draw a large crowd. Picnic chairmen anticipate a large number of entries from young Scott county farmers. Metropolitan newspapers will be on hand to photograph the event for their Sunday editions. The parade will be led by the Bluffs-Winchester high school band under the direction of Melvin Dalhaus.

Following the noon hour, a series of popular contests will get underway at 1:30 p. m. with Everett Brockman as master of ceremonies. First contest will be the old-fashioned contest, followed by hog-calling and many others designed for hilarious entertainment, for participants and audience alike. Cash prizes will be awarded.

At 3:30 p. m., Fred Oliver will introduce his popular group "The Prairie Pioneers," who will present a one-hour program.

Evening entertainment will start early with a fast-moving band concert by Melvin Dalhaus and the highly-recommended group of comedians from Springfield called "The Gruesome Foursome" will entertain. Concluding the evening's entertainment, the "Prairie Pioneers" will present a 45-minute program. Sandwiched in between the main program will be a dance starting at 9:30 in the pavilion to the music of Earl Goforth and his orchestra.

190 Children See Ballgame Played In Sportsman's Park

White Hall—A caravan composed of approximately 38 cars, and 190 boys and girls left at 8 o'clock on Thursday for their trip to the Cardinal-Philadelphia ball game in St. Louis at Sportsman's park.

The trip was planned in co-operation with the Cardinal management and the Lions club of White Hall furnished transportation. Each driver was responsible for the riders in his car.

Lunches were taken by some of the group. The Roodhouse caravan joined the White Hall group for the trip from here.

Prominent Chapin Man Dies Thursday After Long Illness

Henry Perbix, well-known retired Chapin landowner and farmer, died at his residence Thursday at 5:20 p. m. after a lingering illness.

He was born near Chapin, March 15, 1866, the son of George and Dorothea Heiser Perbix. He was married Feb. 12, 1890, to Addie Wegehoff, who survives.

He also leaves one son, Arthur of this city, and four sisters, Mrs. Henry Eckhoff, Mrs. John Eilers, Mrs. Charles Aufdenkamp, and Mrs. Charles Overate, all of the Chapin community.

Mr. Perbix was well known throughout this vicinity as a farmer, grain elevator operator, and cattle feeder.

He was a member of St. Paul's Lutheran church.

The body is at the Gillham Funeral home. Funeral services will be conducted Sunday afternoon, other arrangements are incomplete.

Judge Sentences Robber, Marries Him To Sweetheart

Chicago, July 28—(P)—Judge Alan E. Ashcraft of Criminal Court today played a dual role in the life of Charles Schaefele, Jr., 19-year-old convicted robber.

In the stern role of jurist he sentenced Schaefele and two male companions to varying prison terms for a series of gas station robberies. Schaefele drew a sentence of one to seven years.

Then, in a softer mood, Judge Ashcraft performed a marriage ceremony for Schaefele and his sweetheart, Dolores Marion Rausch, 18, in the judge's chambers.

The young robber had asked Judge Ashcraft to officiate at the wedding ceremony prior to his trial.

Schaefele will be eligible for parole in 11 months.

Sentenced with Schaefele were Ronald J. Marshall, 19, who also was ordered imprisoned for one to seven years, and Harvey J. Carlson, 19, who also was ordered imprisoned for one to seven years, and Harvey J. Carlson, 19, one to three years.

Medina Is Tiring Of Red Wrangling, Calls For Recess

New York, July 28—(P)—Federal Judge Harold R. Medina, who has been presiding at the communist conspiracy trial for more than six months, wearily told wrangling attorneys today that he is "physically and mentally incapable of going through much more."

"I must take a recess now and lie down for a minute," he said. He walked off the bench and was gone for 10 minutes.

Shortly after the judge returned, the defense introduced its 10th witness, Mrs. Yolanda Hall of Chicago. She said she had been a communist since 1939.

Judge Medina's departure from the courtroom came suddenly in the midst of wrangling between defense attorneys and United States Attorney John F. X. McGohery.

McGohey had clashed with Defense Attorney Harry Sacher during cross examination of an earlier defense witness, Ohio Communist official Anthony Krnichmarek. McGohery protested that defense attorneys were interfering with his questioning and coaching the witness.

Teachers Hold Annual Reunion

White Hall—Teachers and former teachers of the Oak Grove school held its annual reunion, highlighted by a basket dinner, business meeting and program.

Officers elected were Kenneth Taylor, president; Robert Fraser, Jr., vice president; and Carl Hart, secretary-treasurer. Committees are Mrs. Maude Nash, Mrs. Alma Knox and N. R. Hicks, program; Mr. and Mrs. Claude Price and Mr. and Mrs. Robert Hart, Jr., table; and Donald Crossman, Kenneth Taylor and Clyde Strowatt, grounds.

The Good Will class of the Methodist church reelected all officers to serve for the coming year. They are Mrs. Crystal White, president; Mrs. Pansy Mitts, vice president; Mrs. Ella Giller, secretary; and Mrs. J. M. Fitch, treasurer.

Fish Bite No Better In Morgan County, Mo. Than In Morgan, Ill.

By The Journal Courier Farm Editor

Echo Valley Resort, Rocky Mount, Mo.—Fishing's mighty bum in Morgan County, Mo., these days. Nobody's catching anything anywhere on the hundreds of coves which add to the lengthy shoreline of the Lake of the Ozarks.

The 18 Franklin, Alexander, and Nortonville vocational agriculture boys have revised their ideas a couple of times since they left Morgan County, Ill., Sunday. At that time they were talking in terms of pounds and pounds of fighting bass and crappie. Wednesday most of them would settle for a fish, period.

Contest To Select 1949 Farm Family Now Under Way

Carrollton—The St. Louis Chamber of Commerce and the University of Illinois College of Agriculture are jointly sponsoring again this year the Farm and Home Improvement contest. Farm families in Greene county have until August 1 to enter this contest.

The contest is held to pick the farm family which has done the best all-around job of improving its farm operations and farm home during 1949. Three winners will be chosen in each participating county and the first place county winner will automatically be entered in the district participation with several nearby counties. Winners will be given an all-expense overnight trip to St. Louis.

Any farm family, owner or tenant, is eligible to enter this contest. Entry forms and leaflets describing the contest are available at the local Farm and Home Bureau office.

Charles A. Nall Of Near Bath Dies At Local Hospital

Charles A. Nall, 80, a lifelong resident of the Bath community, died Wednesday evening at Passavant hospital, where he had been a patient for two weeks.

He is survived by the following children: Henry, John, Harry, and Mrs. R. O. Tarwin of Bath; Mrs. James Brooks of Peoria; Mrs. Stewart Lilla of Central; Frank of Havana; Jim of Forest City; Mrs. Edward Eddy of Kilbourne; and Ernest and Earl of Chandlerville.

He also leaves three brothers, Webb Nall of Kilbourne; W. W. Nall of Anamosa; and H. S. Nall of Bath; and a sister, Mrs. Frances Gohen of Kilbourne.

The body was taken to the Lintner and Sons Funeral home in Chandlerville.

Funeral services will be held Saturday at 2 p. m. at Bethel Baptist church. Burial will be in Bethel cemetery.

GOP Speaker Says New Deal Bills Began In Red Party

Chicago, July 28—(P)—The keynote of a 25 state G. O. P. rally said today that new deal legislation "originated in the Communist party."

The Republicans began organization "to revitalize the Republican party."

The 105 delegates assembled at the call of Fred A. Virkus, president of the American conference of small business. Virkus, in keynoting the opening session, called for a "national Republican roundup to revitalize the Republican party." He is a former Illinois general assembly representative.

Mass Of Cool Air May Bring Relief To Midwest States

By The Associated Press

A huge mass of cool air—bearing the promise of relief—moved across the northern plains states Thursday toward the heat-weary midwest.

Montana, North and South Dakota and northern Oklahoma peaked up when the cool air put the chill on a string of hot days.

The stuffy midwest—especially northern Illinois, Iowa, Wisconsin, Minnesota, and upper Michigan—looked for respite Friday. The forecast was for cooler and less humid weather.

Squalls and thundershowers will help drop temperatures in the Great Lakes region.

The weather bureau says there is little prospect of escape soon for the sticky areas stretching east from Chicago to the coast and south to the gulf.

Arenzville Couple Mark Anniversary

Arenzville—Mr. and Mrs. John Leatherman, Jr., entertained relatives and friends at a supper Wednesday evening in observance of their third wedding anniversary.

Guests present included Mr. and Mrs. Charles Niebur and daughters, of St. Louis, Mr. and Mrs. John Leatherman, Sr., Mr. and Mrs. L. E. Williams and daughter, and Mr. and Mrs. Jack Spangenberg and children of Pittsfield.

IN APPRECIATION

Thanks to friends and neighbors for assistance during my recent illness.

Charles Mutch
